The following is an examiner's statement of reasons for allowance:

The claimed compounds differ from the prior art in that the prior art fails to disclose the vinyl ketonic group at terminal end connected to ring (A^4) through linking group Z^4 of the present formula (I). The compounds of prior art read on the present formula (1) are excluded by the provisos in the present claims. Therefore, the liquid crystal composition, polymer and display device thereof comprising the present compound of formula (1) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
